About: I'm a creative and curious person interested in how innovation can improve people's life. My experiences in my previous work as occupational therapist make me stand out in social skills and I have a great eye for the aesthetics which infuses everything I do.

EDUCATION

Frontend Developer, Medieinstitutet, Stockholm, ongoing (*aug 2022-june 2024*)

Learning everything in web production from idea to finished website on different devices. This frontend Developer training gives me skills in javascript (typescript), css (scss), react, git and node - aswell as practice in agile teamwork with sprints, working in Jira and with scrum methods!

Web development 1, NTI School, Sweden, remote course, 2021

Remote studies, Singapore, 2016

Psychiatry, advanced course

Philosophy, basic course

B.Sc. in Occupational Therapy, University of Örebro, Sweden, 180 ECTS, 2013 - 2016

Major in occupational therapy with a bachelor thesis focusing on strategies for occupational therapists' to motivate patients with depression.

Teacher, Jönköping University, Sweden, 30 ECTS, 2012

I started my studies in this field to explore the teacher profession.
